ITALIAN DATA FOR UN-SDGs

Sustainable Development Goals of the 2030 Agenda

Goal 2

End hunger, achieve food security and improved nutrition and promote sustainable agriculture

Published on 14 December 2016

Goal 2 - Information

Goal 2 - End hunger, achieve food security and improved nutrition and promote sustainable agriculture / Porre fine alla fame, raggiungere la sicurezza alimentare, migliorare la nutrizione e promuovere un'agricoltura sostenibile

Target		Global indicator		Name of indicator -English -Italian	Source	Survey name	BES (yes/no)	Indicator description (English)	Indicator description (Italian)	Taxonomy
2.1	By 2030, end hunger and ensure access by all people, in particular the poor and people in vulnerable situations, including infants, to safe, nutritious and sufficient food all year round	2.1.1	Prevalence of undernourishment							
2.1	By 2030, end hunger and ensure access by all people, in particular the poor and people in vulnerable situations, including infants, to safe, nutritious and sufficient food all year round	2.1.2	Prevalence of moderate or severe food insecurity in the population, based on the Food Insecurity Experience Scale (FIES)							
2.2	By 2030, end all forms of malnutrition, including achieving, by 2025, the internationally agreed targets on stunting and wasting in children under 5 years of age, and address the nutritional needs of adolescent girls, pregnant and lactating women and older persons	2.2.1	Prevalence of stunting (height for age <-2 standard deviation from the median of the World Health Organization (WHO) Child Growth Standards) among children under 5 years of age							
2.2	By 2030, end all forms of malnutrition, including achieving, by 2025, the internationally agreed targets on stunting and wasting in children under 5 years of age, and address the nutritional needs of adolescent girls, pregnant and lactating women and older persons	2.2.2	Prevalence of malnutrition (weight for height >+2 or <-2 standard deviation from the median of the WHO Child Growth Standards) among children under 5 years of age, by type (wasting and overweight)							
2.3	By 2030, double the agricultural productivity and incomes of small-scale food producers, in particular women, indigenous peoples, family farmers, pastoralists and fishers, including through secure and equal access to land, other productive resources and inputs, knowledge, financial services, markets and opportunities for value addition and non-farm employment	2.3.1	Volume of production per labour unit by classes of farming/pastoral/forestry enterprise size	**- Volume of production per labour unit by classes of farming/pastoral/forestry enterprise size** **- Produzione per unità di lavoro delle aziende agricole, per classe di unità di lavoro e per classe di fatturato**	Istat-CREA	Risultati economici delle aziende agricole (PSN:IST-00191)	no	Ratio between value of production and the number of full time equivalents	Rapporto tra il valore della produzione e il numero di unita di lavoro a tempo pieno	Similar or Partial / Simile o Parziale
2.3	By 2030, double the agricultural productivity and incomes of small-scale food producers, in particular women, indigenous peoples, family farmers, pastoralists and fishers, including through secure and equal access to land, other productive resources and inputs, knowledge, financial services, markets and opportunities for value addition and non-farm employment	2.3.2	Average income of small-scale food producers, by sex and indigenous status							
2.4	By 2030, ensure sustainable food production systems and implement resilient agricultural practices that increase productivity and production, that help maintain ecosystems, that strengthen capacity for adaptation to climate change, extreme weather, drought, flooding and other disasters and that progressively improve land and soil quality	2.4.1	Proportion of agricultural area under productive and sustainable agriculture	**- Percentage of land under organic farming** **- Quota di superficie agricola utilizzata (SAU) investita da coltivazioni biologiche**	Istat	Indagine sulla struttura e produzioni delle aziende agricole (PSN:IST-02346)	no	Percentage of land under organic farming (according to the Regulation no. 834/2007/EC) in the total of agricultural land (arable land + permanent crops + permanent pastures and meadows)	Rapporto tra la superficie delle coltivazioni condotte con metodo di produzione biologica (conforme agli standard e alle norme specificate nel Regolamento n. 834/2007/Ce) e la superficie agricola utilizzata	Similar or Partial / Simile o Parziale
2.5	By 2020, maintain the genetic diversity of seeds, cultivated plants and farmed and domesticated animals and their related wild species, including through soundly managed and diversified seed and plant banks at the national, regional and international levels, and promote access to and fair and equitable sharing of benefits arising from the utilization of genetic resources and associated traditional knowledge, as internationally agreed	2.5.1	Number of plant and animal genetic resources for food and agriculture secured in either medium or long-term conservation facilities							
2.5	By 2020, maintain the genetic diversity of seeds, cultivated plants and farmed and domesticated animals and their related wild species, including through soundly managed and diversified seed and plant banks at the national, regional and international levels, and promote access to and fair and equitable sharing of benefits arising from the utilization of genetic resources and associated traditional knowledge, as internationally agreed	2.5.2	Proportion of local breeds classified as being at risk, not-at-risk or at unknown level of risk of extinction							
2.a	Increase investment, including through enhanced international cooperation, in rural infrastructure, agricultural research and extension services, technology development and plant and livestock gene banks in order to enhance agricultural productive capacity in developing countries, in particular least developed countries	2.a.1	The agriculture orientation index for government expenditures	**- The agriculture orientation index for government expenditures** **- Propensione alla spesa in agricoltura delle amministrazioni pubbliche**	Istat	Produzione e valore aggiunto dell'agricoltura, silvicoltura, pesca (PSN:IST-00569) Spese della pubblica amministrazione per funzione (PSN:IST-00584)	no	Comparison of two ratios: the share of total public expenditure in the COFOG function "4.2. Agriculture, forestry, fishing and hunting" and the share of value added in the industry "Agriculture, forestry and fishing". Expenditure and value added are considered in current prices, million euro. Value added is at basic prices.	Rapporto tra i quozienti: quota di spesa pubblica complessiva nella funzione COFOG "4.2. Agricoltura, silvicoltura, pesca e caccia" e quota di valore aggiunto nella branca "agricoltura, silvicoltura e pesca". La spesa e il valore aggiunto vengono considerati in milioni di euro correnti. Il valore aggiunto e' valutato ai prezzi base.	Similar or Partial / Simile o Parziale
2.a	Increase investment, including through enhanced international cooperation, in rural infrastructure, agricultural research and extension services, technology development and plant and livestock gene banks in order to enhance agricultural productive capacity in developing countries, in particular least developed countries	2.a.2	Total official flows (official development assistance plus other official flows) to the agriculture sector							

Goal 2 - Information

Goal 2 - End hunger, achieve food security and improved nutrition and promote sustainable agriculture / Porre fine alla fame, raggiungere la sicurezza alimentare, migliorare la nutrizione e promuovere un'agricoltura sostenibile

Target		Global indicator		Name of indicator -English -Italian	Source	Survey name	BES (yes/no)	Indicator description (English)	Indicator description (Italian)	Taxonomy
2.b	Correct and prevent trade restrictions and distortions in world agricultural markets, including through the parallel elimination of all forms of agricultural export subsidies and all export measures with equivalent effect, in accordance with the mandate of the Doha Development Round	2.b.1	Producer Support Estimate							
2.b	Correct and prevent trade restrictions and distortions in world agricultural markets, including through the parallel elimination of all forms of agricultural export subsidies and all export measures with equivalent effect, in accordance with the mandate of the Doha Development Round	2.b.2	Agricultural export subsidies							
2.c	Adopt measures to ensure the proper functioning of food commodity markets and their derivatives and facilitate timely access to market information, including on food reserves, in order to help limit extreme food price volatility	2.c.1	Indicator of food price anomalies							

Goal 2 - Data

Goal 2 - End hunger, achieve food security and improved nutrition and promote sustainable agriculture / Porre fine alla fame, raggiungere la sicurezza alimentare, migliorare la nutrizione e promuovere un'agricoltura sostenibile
