

Costs index for residential building and for road construction

July 2015

The construction costs index for residential building approximates the monthly evolution of costs of the residential construction sector. Since January 2013 the indices are calculated with reference to the base year 2010.

In July 2015 the index increased by 0.8 compared with the previous month and by 0.7% compared with July 2014.

Construction costs index for residential building. July 2015 (a)

	Percentage changes	
	Jul 2015 Jun 2015	Jul 2015 Jul 2014
