

# ITALIAN DATA FOR UN-SDGs

Sustainable Development Goals of the 2030 Agenda

## Goal 1

End poverty in all its forms  
everywhere

## Goal 1 - Information

### Goal 1 - End poverty in all its forms everywhere / Porre fine ad ogni forma di povertà nel mondo

Target	Global indicator	Name of indicator -English -Italian	Source	Survey name	BES (yes/no)	Indicator description (English)	Indicator description (Italian)	Taxonomy
1. By 2030, eradicate extreme poverty for all people everywhere, currently measured as people living on less than \$1.25 a day	1.1.1	Proportion of population below the international poverty line, by sex, age, employment status and geographical location (urban/rural)						
1. By 2030, reduce at least by half the proportion of men, women and children of all ages living in poverty in all its dimensions according to national definitions	1.2.1	Proportion of population living below the national poverty line, by sex and age	- Proportion of population living below the national (absolute) poverty line - Povertà assoluta	Istat	Consumi delle famiglie (PSN:IST-00682) Indagine sulle spese delle famiglie (PSN:IST-02396)	yes	Proportion of population living below the national (absolute) poverty line	Incidenza di povertà assoluta individuale Identico/Identical
1. By 2030, reduce at least by half the proportion of men, women and children of all ages living in poverty in all its dimensions according to national definitions	1.2.1	Proportion of population living below the national poverty line, by sex and age	- Proportion of population living below the national (relative) poverty line - Incidenza di povertà relativa individuale	Istat	Indagine sulle spese delle famiglie (PSN:IST-02396)	no	Proportion of population living below the national (relative) poverty line	Incidenza di povertà relativa individuale Identico/Identical
1. By 2030, reduce at least by half the proportion of men, women and children of all ages living in poverty in all its dimensions according to national definitions	1.2.2	Proportion of men, women and children of all ages living in poverty in all its dimensions according to national definitions	- People living in households with very low work intensity - Individui in famiglie a bassa intensità lavorativa	Istat	Indagine sulle condizioni di vita (EU-SILC) (PSN:IST-01395)	yes	Proportion of people living in households with very low work intensity namely household members of working age (person aged 18-59 years, with the exclusion of dependent children aged 18-24) that have worked during the income reference year less than 20% of the number of months that could theoretically have been worked by the same household members.	Percentuale di persone che vivono in famiglie la cui intensità di lavoro è inferiore a 0,20. Incidenza di persone che vivono in famiglie dove le persone in età lavorativa (tra i 18 e i 59 anni, con l'esclusione degli studenti 18-24) nell'anno precedente, hanno lavorato per meno del 20 % del loro potenziale (con esclusione delle famiglie composte soltanto da minori, da studenti di età inferiore a 25 anni e da persone di 60 anni o più). Indicatore di contesto nazionale/National context indicator
1. By 2030, reduce at least by half the proportion of men, women and children of all ages living in poverty in all its dimensions according to national definitions	1.2.2	Proportion of men, women and children of all ages living in poverty in all its dimensions according to national definitions	- Proportion of population over 14 years old living below the national absolute poverty line - Incidenza di povertà assoluta individuale nella popolazione oltre 14 anni d'età	Istat	Indagine sulle spese delle famiglie (PSN:IST-02396)	no	Proportion of population over 14 years old living below the national absolute poverty line	Incidenza di povertà assoluta individuale nella popolazione oltre 14 anni d'età Simile o Parziale/Similar or Partial
1. By 2030, reduce at least by half the proportion of men, women and children of all ages living in poverty in all its dimensions according to national definitions	1.2.2	Proportion of men, women and children of all ages living in poverty in all its dimensions according to national definitions	- Severe material deprivation rate - Grave deprivazione materiale	Istat	Indagine sulle condizioni di vita (EU-SILC) (PSN:IST-01395)	yes	Share of population living in households lacking at least 4 items out of the following 9 items: i) to pay rent or utility bills, ii) keep home adequately warm, iii) face unexpected expenses (of 800 euros in 2014), iv) eat meat, fish or a protein equivalent every second day, v) a week holiday away from home, or could not afford i) a car, vi) a washing machine, vii) a colour TV, or ix) a telephone.	Percentuale di persone che vivono in famiglie con almeno 4 di problemi considerati sul totale delle persone residenti. I problemi considerati sono: i) non poter sostenere spese impreviste di 800 euro; ii) non potersi permettere una settimana di ferie all'anno lontano da casa; iii) avere arretrati per il mutuo, l'affitto, le bollette o per altri debiti come per es. gli acquisti a rate; iv) non potersi permettere un pasto adeguato ogni due giorni, cioè con proteine della carne o del pesce (o equivalente vegetariano); v) non poter riscaldare adeguatamente l'abitazione; non potersi permettere: vi) una lavatrice vii); un televisore a colori; viii) un telefono; ix) un'automobile. Indicatore di contesto nazionale/National context indicator
3. Implement nationally appropriate social protection systems and measures for all, including floors, and by 2030 achieve substantial coverage of the poor and the vulnerable	1.3.1	Proportion of population covered by social protection floors/systems, by sex, distinguishing children, unemployed persons, older persons, persons with disabilities, pregnant women, newborns, work-injury victims and the poor and the vulnerable	- Population aged 16 and over reporting unmet needs for medical care due to being too expensive - Popolazione di 16 anni e più che non ha effettuato cure mediche di cui aveva bisogno perché troppo costose	Eurostat		no	This indicator is defined as the share of the population aged 16 and over reporting unmet needs for medical care due to being too expensive. Self-reported unmet needs concern a person's own assessment of whether he or she needed medical examination or treatment (dental care excluded), but did not have it or did not seek it because they could not afford it. Note on the interpretation: The indicator is derived from self-reported data so it is, to a certain extent, affected by respondents' subjective perception as well as by their social and cultural background. Another factor playing a role is the different organisation of health care services, be that nationally or locally. All these factors should be taken into account when analysing the data and interpreting the results.	Popolazione di 16 anni e più che non ha effettuato cure mediche di cui aveva bisogno perché troppo costose Indicatore di contesto nazionale/National context indicator
1. By 2030, ensure that all men and women, in particular the poor and the vulnerable, have equal rights to economic resources, as well as access to basic services, ownership and control over land and other forms of property, inheritance, natural resources, appropriate new technology and financial services, including microfinance	1.4.1	Proportion of population living in households with access to basic services	- Housing cost overburden rate - Tasso di sovraccarico del costo della casa	Istat	Indagine sulle condizioni di vita (EU-SILC) (PSN:IST-01395)	no	Percentage of persons in the population living in households where the total housing costs represent more than 40 % of disposable income	Individui in famiglie dove il costo totale dell'abitazione rappresenta più del 40% del reddito familiare Indicatore di contesto nazionale/National context indicator
1. By 2030, ensure that all men and women, in particular the poor and the vulnerable, have equal rights to economic resources, as well as access to basic services, ownership and control over land and other forms of property, inheritance, natural resources, appropriate new technology and financial services, including microfinance	1.4.1	Proportion of population living in households with access to basic services	- Share of total population living in a dwelling with a leaking roof, damp walls, floors or foundation, or rot in window frames or floor - Percentuale di persone che vivono in abitazioni che presentano almeno uno tra i seguenti problemi: a) problemi strutturali dell'abitazione; b) problemi di umidità	Istat	Indagine sulle condizioni di vita (EU-SILC) (PSN:IST-01395)	no	Percentage of persons in the total population living in a dwelling with at least one of the following housing problem: a) Leaking roof or rot in window frames or floor; b) damp walls/floors/foundation	Percentuale di persone che vivono in abitazioni che presentano almeno uno tra i seguenti problemi: a) problemi strutturali dell'abitazione (tetti, soffitti, pavimenti, ecc.); b) problemi di umidità (muri, pavimenti, fondamenta, ecc.). Indicatore di contesto nazionale/National context indicator
1. By 2030, ensure that all men and women, in particular the poor and the vulnerable, have equal rights to economic resources, as well as access to basic services, ownership and control over land and other forms of property, inheritance, natural resources, appropriate new technology and financial services, including microfinance	1.4.2	Proportion of total adult population with secure tenure rights to land, with legally recognized documentation and who perceive their rights to land as secure, by sex and by type of tenure						
1. By 2030, build the resilience of the poor and those in vulnerable situations and reduce their exposure and vulnerability to climate-related extreme events and other economic, social and environmental shocks and disasters	1.5.1	Number of deaths, missing persons and directly affected persons attributed to disasters per 100,000 population	- Resident population in areas with hydrogeological problems - Popolazione residente in aree con problemi idrogeologici	Ispira	Progetto IFFI -Inventario dei Fenomeni Franosi in Italia (APA-00031)	yes	Resident population in areas with hydrogeological problems: areas subject to landslide	Popolazione residente in aree con problemi idrogeologici: aree franose Indicatore di contesto nazionale/National context indicator
1. By 2030, build the resilience of the poor and those in vulnerable situations and reduce their exposure and vulnerability to climate-related extreme events and other economic, social and environmental shocks and disasters	1.5.2	Direct economic loss attributed to disasters in relation to global gross domestic product (GDP)						
1. By 2030, build the resilience of the poor and those in vulnerable situations and reduce their exposure and vulnerability to climate-related extreme events and other economic, social and environmental shocks and disasters	1.5.3	Number of countries that adopt and implement national disaster risk reduction strategies in line with the Sendai Framework for Disaster Risk Reduction 2015-2030						
1. By 2030, build the resilience of the poor and those in vulnerable situations and reduce their exposure and vulnerability to climate-related extreme events and other economic, social and environmental shocks and disasters	1.5.4	Proportion of local governments that adopt and implement local disaster risk reduction strategies in line with national disaster risk reduction strategies						

## Goal 1 - Information

### Goal 1 - End poverty in all its forms everywhere / Porre fine ad ogni forma di povertà nel mondo

Target	Global indicator	Name of indicator -English -Italian	Source	Survey name	BES (yes/no)	Indicator description (English)	Indicator description (Italian)	Taxonomy
1. Ensure significant mobilization of resources from a variety of sources, including through enhanced development cooperation, in order to provide adequate and predictable means for developing countries, in particular least developed countries, to implement programmes and policies to end poverty in all its dimensions	1.a.1 Proportion of domestically resources allocated by the government directly to poverty reduction programmes							
1. Ensure significant mobilization of resources from a variety of sources, including through enhanced development cooperation, in order to provide adequate and predictable means for developing countries, in particular least developed countries, to implement programmes and policies to end poverty in all its dimensions	1.a.2 Proportion of total government spending on essential services (education, health and social protection)	- Proportion of bilateral Official Development Assistance spending on essential services for developing countries (education, health and social protection) - Aiuto Pubblico allo Sviluppo per Educazione, salute e protezione sociale su APS bilaterale allocabile per settore	Ministero degli Affari Esteri e della Cooperazione Internazionale		no	Proportion of bilateral Official Development Assistance (ODA) spending on essential services for developing countries (education, health and social protection)	Aiuto Pubblico allo Sviluppo per Educazione, salute e protezione sociale su APS bilaterale allocabile per settore	Identical/Identical
1. Ensure significant mobilization of resources from a variety of sources, including through enhanced development cooperation, in order to provide adequate and predictable means for developing countries, in particular least developed countries, to implement programmes and policies to end poverty in all its dimensions	1.a.2 Proportion of total government spending on essential services (education, health and social protection)	- Proportion of total government spending on essential services (education, health and social protection) - Quota dei servizi essenziali (sanità, istruzione e protezione sociale) sulla spesa delle Amministrazioni pubbliche	Istat	Spese della pubblica amministrazione per funzione (PSN:IST-00584)	no	Share of expenditure for divisions 7 (health), 9 (education) and 10 (social protection) on total General Government expenditure. Expenditure is considered in current prices, million euro. The indicator, expressed as a percentage, is based on COFOG classification	Rapporto tra la somma della spesa pubblica complessiva nelle divisioni n. 7 (salute), 9 (educazione) e 10 (protezione sociale) sul totale delle Amministrazioni pubbliche. La spesa è espressa in milioni di euro correnti. L'indicatore, espresso in percentuale, si ottiene a partire dai dati COFOG (Classification of the Functions of Government)	Identical/Identical
1. Ensure significant mobilization of resources from a variety of sources, including through enhanced development cooperation, in order to provide adequate and predictable means for developing countries, in particular least developed countries, to implement programmes and policies to end poverty in all its dimensions	1.a.3 Sum of total grants and non-debt-creating inflows directly allocated to poverty reduction programmes as a proportion of GDP							
1. Create sound policy frameworks at the national, regional and international levels, based on pro-poor and gender-sensitive development strategies, to support accelerated investment in poverty eradication actions	1.b.1 Proportion of government recurrent and capital spending to sectors that disproportionately benefit women, the poor and vulnerable groups
