SECTION IV: ATTAINMENT LEVELS IN EDUCATION AND TRAINING

In the Personal Questionnaire a few questions are asked about education and training.

The NDUs are requested to use *Country-specific categories according to the Labour Force Survey* (see below).

In order to facilitate the coding of these questions on education and training, it may help the NDUs to know the correspondence between the ECHP question codes and the LFS classifications.

The LFS country-specific educational categories are copied out in this Annex.

The following correspondences will help in clarifying what country-specific categories are to be included in each standard ECHP variable.
