

Quarterly non-financial accounts for General Government

II quarter 2010

The quarterly non-financial accounts for General Government analyse the dynamics of the main public finance indicators. Moreover, the account gives information on the aggregates constituting general government expenditure (compensation of employees, intermediate consumption, social benefits, and interest) and revenue (taxes and social contribution).

The estimates, drawn up on accrual basis, are not seasonally adjusted and are expressed in millions of euros at current prices.
