SOCIAL SKILLS

AND COMPETENCES

Living and working with other people, in multicultural environments, in positions where communication is important and situations where teamwork is essential (for example culture and sports), etc.

Can work in international teams, lead and coordinated groups. I Can work in difficult conditions, under pressure and with strict deadlines.

I have been exposed since my teens to an international and multicultural environment. Likewise I am used to teamwork, in which I have been both a colleague or a leader. I have learned the importance of taking cultural differences into account, adapting to accommodate them both in informal or formal and official meetings; in high level and normal meetings. I have been a members of various official Commissions and independent expert.

ORGANISATIONAL SKILLS

AND COMPETENCES

Coordination and administration of people, projects and budgets; at work, in voluntary work (for example culture and sports) and at home, etc.

I have led official missions and teams, chaired meetings (officials- including high level and G7- experts and academics) and groups; task managed and develop projects; negotiated implemented projects and monitored loans; I have chaired international Consortia, deciding on work and allocating resources. I have had responsibility for selecting staff and consultants and leading them in international missions.

I have developed an entrepreneurial attitude to research and project development, as proved by my work from the early 1990s onwards. I have and am leading EU networks working throughout the EU on path breaking projects.

Remarkable experience in policy analysis (especially in the field of enterprise tax policy) and proven capacity to draft and present policy analysis at high level.

Well acquainted with standard software packages.

TECHNICAL SKILLS

AND COMPETENCES

With computers, specific kinds of equipment, machinery, etc.

Classical music, art, theatre, reading, painting and gardening

ARTISTIC SKILLS

AND COMPETENCES
