

Contractual wages and salaries

January 2014

The index of wages according to collective labour agreements measures the evolution of wages and salaries (per employee or per hour) determined by contractual provisions set by collective agreements; the indices are calculated with reference to the fixed employment structure of the base period (December 2010).

At the end of January 2014 the coverage rate (share of national collective agreements in force for the wage setting aspects) was 33.8 per cent in terms of employees and 33.7 per cent in terms of the total amount of wages.

In January 2014 compared to the previous month, the hourly index and the per employee index rose by 0.6 per cent. Compared with January 2013 both indices increased by 1.4 per cent.
