

Costs index for residential building and for road construction

June 2015

The construction costs index for residential building approximates the monthly evolution of costs of the residential construction sector. Since January 2013 the indices are calculated with reference to the base year 2010.

In June 2015 the index remained unchanged compared with the previous month and increased by 0.3% compared with June 2014.

Construction costs index for residential building. June 2015 (a)

	Percentage changes	
	Jun 2015 May 2015	Jun 2015 Jun 2014
